Kishore S

Lead Product Designer · Tekion

10+ years of experience | Fintech · Automotive · SaaS

PROFILE

Product designer with 10+ years turning complex problems into simple, easy to use and delightful interfaces. I lead design for payments at Tekion, and have designed for automotive, real estate, enterprise SaaS and lifestyle brands across India and the UAE. Beyond UI/UX, I bring motion design, video editing, sound design and digital marketing to the work.

EXPERIENCE

Tekion Corp
Bengaluru, India

Lead Product Designer — Jan 2024 – Present

Senior Product Designer — Aug 2021 – Dec 2023

- Design payment solutions and experiences for automotive dealerships on Tekion's platform.
- **Tekion Pay** — Tekion's own payment gateway, built into the platform that runs the dealership.
- **Tekion Spend** — a digital wallet service for dealerships to process payments.
- **Tekion Payroll** — salary disbursement, tax tracking and filing, and time tracking.
- **Digital Retail Platform** — an AI-powered digital retail experience, personalized for every consumer.

Publicis Sapient via YUJ Designs
Bengaluru, India

Senior User Experience Designer — Jul 2020 – Aug 2021

- Built **Know & Go**, an augmented reality app for automobile brands Jeep and RAM.
- Designed and enhanced the design language system for Jeep, Dodge, Alfa Romeo, Fiat, Chrysler and RAM.

ITForce Technology
Dubai, UAE

Senior UI/UX Designer — Jan 2019 – Jul 2020

- Led UI/UX design for **POB**, an enterprise SaaS app for oilfield companies.
- **Simply Chains** — a property management system for landlords to track portfolios, ROI and rental payments, and to sell, buy, rent or lease properties.
- **Dubai Go** — a points-of-interest app for tourists suggesting attractions, restaurants, malls and recreation nearby, with articles and redeemable vouchers.

DNM
Bengaluru, India

UI/UX Designer — Aug 2015 – Oct 2018

- Designed 20+ websites for real estate (RMZ, Ezzy Group, Pride Group), lifestyle (Stanley, Global Living Emporio, Chesters) and automobile dealers (Kalyani Motors, Ambal Auto, Prerna Motors, Anant Cars).
- Designed Android and iOS apps for Ambal Auto, Kalyani Motors and Cinebels.
- Created social media ads, digital campaigns, interactive ads and videos.
- Produced wireframes, mockups and information architecture; presented and iterated designs with clients.
